

Eastern University
STATEMENT OF FINANCIAL SUPPORT

INSTRUCTIONS

1. Complete all documents. Students should submit a set of electronic copy to the Eastern University admissions office, and take the original set to the visa interview.
2. Students who are already in the U.S. and are transferring from another college, need only submit one set of documents. Students who are in the U.S. and are applying for a change of status, will need to submit one set of electronic documents to admissions, and send the original set as evidence along with the change of status application.
3. Fill out the forms and attach bank statements or other proof of assets to both forms. Evidence must be attached or forms are not acceptable.
4. The documents must be signed in the presence of a public notary and stamped or sealed accordingly. If such a person is not available where you are, seek assistance from the appropriate bank officer or legal authority needed to make the documents legal affidavits.
5. Supporting information must be in English, and all money stated in U.S. dollars.
6. Complete financial documentation showing sufficient income must be submitted before an I-20 or DS-2019 can be issued. Students on F-1 or J-1 visas can not accept unauthorized employment; therefore, they must provide enough evidence to prove they will not need to work for the duration of their studies.
7. If family members will accompany the student, the sponsor must show sufficient finances to cover the cost of living for these members too. \$5000 must be added for a spouse, and \$3000 for each child. Spouse and children come on dependent visas, and can not work to support the student.
8. If the student has more than one sponsor, each sponsor should prepare a separate set of documents. If the student is providing a form for his/her own funds, write "SELF" as the name of sponsor and as the relationship to student.
